

## **Bulletin 28<sup>th</sup> September 2020**

### **LAST CHANCE Shirebiz Quarterly Thurs Oct 1<sup>st</sup> 5-6 pm by ZOOM**

You are invited to attend this ZOOM meeting, where Curtis McNeice of Energetics will provide you with an overview of the local energy market, insights into the drivers of electricity pricing and tips for engaging with retailers. Please [REGISTER](#).

### **Thousands of jobs to be created on Toyota site with higher density development proposal**

The buyer of the Toyota site at Woollooware Bay forecasts the new business park it is planning will create thousands of jobs, with strong interest already fielded from global and national brands. This will require higher density development across the site through a long-term [masterplan](#), which can be sought under the present B7 zoning.

### **Local Strategy Planning Statement is official and now available**

Following receipt of written support from the Greater Sydney Commission, Council's Local Strategic Planning Statement (LSPS) was made (finalised) by the CEO of Sutherland Shire Council on 15 September 2020. The [LSPS](#) is now in effect and informs the review of Sutherland Shire Local Environmental Plan (LEP) 2015.

### **Unlocking microgrid opportunities in regional and remote Australia**

The Government is backing 17 microgrid projects with over \$19 million in grant funding under Round One of the Regional and Remote Communities Reliability Fund.

These [projects](#) are located across Australia, from very remote Indigenous communities in Western Australia and the Northern Territory, to rural farming communities in Victoria.

### **An update from Infrastructure Australia's CEO**

The evolving impacts of COVID-19 remain front of mind at Infrastructure Australia, as we look to progress investments and reforms that enable the long-term sustainability of the infrastructure sector, build community resilience and support the transformation of the Australian economy. New [projects](#) have been announced.

### **Sullivan Dewing Recording of recent sharemarket Update webinar**

Please find [links](#) to the recording of our recent webinar and a PDF copy of our PowerPoint, a Share Market Update with Andrew Tyrrell, Shaw and Partners.

### **Govt unveils energy tech investment priorities**

The federal government will focus the bulk of its investment aimed at reducing emissions in [priority technologies](#) like clean hydrogen and carbon capture rather than renewable energy.

### **AMG Report: 10 Ways to succeed in manufacturing**

This is the latest industry research report from the Federal Government's Advanced Manufacturing Growth Centre. The [report](#) identifies the manufacturing industry's pain points and opportunities as a result of expansive industry consultation.
